

Still Plannin' On Goin'

Verse 1

It's been many many days
Since I've heard the old time saints
Stand up and testify
About that home beyond the sky
And I can't help but wonder
Have we stopped yearning for His return
Gonna make my calling and election sure
Start lookin' up and talkin' about heaven a lot more

Chorus

I'm still plannin' on goin'
Haven't changed my mind
Today might be that by and by
I'm gonna keep holdin' on
'Cause I'm feelin' that it won't be long now
I'm gonna tell someone about this hope I've found
I must invite you to my Father's house
By the signs around I can see
Heaven is where I'll be
Anyday now

Verse 2

Now we've been preachin' it this way
Down throughout the ages
The Lord is comin' soon
Don't know if it's morning night or noon
And I'll admit sometimes I get weary
I don't always live like He could come today
Gotta shake myself show someone the way
Oh you've gotta be ready you've gotta come with me

I'm heaven bound I'm on my way
Somebody goin' with me
Can't stop I've made up my mind
I'm heaven bound I'm on my way
C'mon and go with me
(repeat)

Heaven is where I'll be
Heaven is where I'll be
Heaven is where I'll be
Any day now
